SHORT BIO

I grew up between Augsburg and Munich, and electronic music has been part of my life for ten years. After a short, fast phase of hardtechno and Schranz at up to 180 BPM, I realised it's not about faster and harder, but about deeper and more reduced. Today I play sets that take their time, leave room for interpretation and still pass on energy – just in a more natural way. With IMPEDANZ I've organised ten events of my own, and at 23 I'm only at the beginning as an artist.

PRESS TEXT

I create sets and tracks that unfold an intense atmosphere on the dancefloor. Whether dark and powerful or playful and trippy – my sound remains direct, organic, and full of movement.

TECH I play on any standard setup – good booth monitoring matters most to me.
